E X P E R I E N C E S (relatives au développement web, hors projets perso.)

Avril 2020 - Décembre 2021

Volunteer Developer and Administrator for a video game community
During that period, I've worked on a GTA Role-Play server with a +3000 players community.
- I managed the staff, the community, all the machine part, hosting, database, and kept them in place and running.
- I developed **LUA**, **JS** (**Vanilla** & **React**), **HTML** and **CSS** functionalities in order to add and "debug" in-game features.

Novembre 2021 - Novembre 2022

Computer maintenance technician at Lycée de l'Yser
This work consisted in assisting and repairing workstations on a high school. However, having shown good work efficiency, I was able to develop my personal website (portfolio) and learn the full-stack framework: **Remix**. I also learned to program in **Go**, **Rust** and **MongoDB** with **Prisma**.
